

Updated Job Applicant Experience

Last Modified on 02/09/2022 3:01 pm EST

The interface for job applicants has been updated with the latest release of Wurk as shown below.

Highlights include:

- Helps you extend your brand to candidates during their job hunt.
- Lists open jobs and enables candidates to search by keyword for available jobs and job panels.
- Shows a progress bar for application status.
- Eases navigation on mobile devices.
- Enables applicants to follow the content of their application so they get real-time, self-service alerts and reminders.
